SECTION 809 PANEL

Daily Media Clips

October 12, 2018

The Section 809 Panel is a congressionally mandated panel designed to be a catalyst that restores agility and simplicity to defense acquisition through bold and effective recommendations.

Good morning! We found several articles that you may be interested in.

The Defense Innovation Board Wants to Help the Military Recognize 'Agile BS'
October 11, 2018 | Tajha Chappellet-Lanier

At its quarterly public meeting Wednesday, the Defense Innovation Board gifted the Pentagon with a new system to expose agile malarkey.

Specifically, the board wants to help military executives and software procurement officials recognize when a software development project is truly using the recommended agile development process and when it is simply a traditional project dressed up in hip language.

Enter the DIB's draft guide, "Detecting Agile BS."
